Hi all-

I've asked Stephen to look into finding the HRS package but it may not be as easy as Saul makes it sound. Its unclear what type of HRS packages were put together in 1991 and since this site never went on the NPL, an administrative record post scoring is not required. Stephen will determine how much time it will take to find this info, but if its significant we may have to ask Saul to submit a FOIA. Just a heads up.  
I'll let you know what happens.  
Nicole

Hi Nicole,

Once again, thank you for the information and list of participants. We didn't expect to see the internal draft summary sheet and appreciate the effort to get your Office of Regional Counsel to review it for release to us. We are still looking over the summary but it would be very helpful if we could get the complete and finalized HRS package including its distribution list. It's an important historical document. It would be very useful to have a copy in our archives and for documenting the early days of TI's remedial investigation. Fortunately the final package is a public document so that at least eliminates the need for ORC and the extra step for you.

Thanks again,

Hi Saul-

I apologize for the lateness of sending this to you. We needed our Office of Regional Counsel to review for any potential confidential information. Attached is the score sheet from 1991 for Treasure Island. Please let any of us know if you have questions.

Thanks,  
Nicole Moutoux
